

Experian AccessSM

Instant access to
the data you need

Experian AccessSM provides clients with an easy-to-use, secure online environment that is available 24-7. There are no setup costs, and special software or hardware installation is not required. This sophisticated, new Web-based portal provides access to essential credit management tools in one central, online location. All the accurate, critical data you need to make timely, informed decisions and fast approvals is just a click away.

Instant online access

In our fast-paced business world, real-time access to accurate data is a crucial factor in bottom-line profitability. Moving too quickly with unreliable information or moving too slowly awaiting research reports can cost you time and money.

Experian Access gives you instant access to all the critical consumer data you need to make informed decisions now. This advanced Web-based portal delivers comprehensive credit tools that help you cost-effectively maximize your company's revenues while minimizing fraud and financial risks.

Customizable to your specific needs

Experian Access provides company-wide and user-specific preference settings to tailor the user experience to meet your business needs. Experian Access allows you to work smarter, not harder, by optimizing your interaction with the Web portal.

Instant access to the data you want, when you need it

Experian Access gives you the power to access the exact information you need, whenever you need it. It provides accurate, current and complete information to acquire new business, manage customers and maximize collections.

- Collection and locating services
- Consumer credit services
- Fraud prevention services
- Industry-specific services
