

International Developed Profile

Credit information on businesses worldwide

Leverage Experian's worldwide network of partners to access credit information on businesses in more than 200 countries.

Whether you're checking on an existing customer in South America or processing an application from a prospect in Asia, Experian's International Developed Profile can provide the information you need to make sound decisions on issuing credit to companies overseas. Profiles are available on almost any company in the world and provide the most recent data in just a few business days.

Using information from local credit, government, financial and business institutions as well as interviews with subject companies and suppliers, an International Developed Profile from Experian is your best source for managing your risk while conducting business internationally.

Information on companies worldwide

Experian's network of partners in more than 200 countries enables you to obtain the information you need on any international company.

One standard, easy-to-read format

All International Developed Profiles are in English and follow a standardized, easy-to-comprehend template.

Fast, reliable delivery

International Developed Profiles are delivered online in just a few business days.

Freshest information available

Each profile is created to order based on the latest information available from a variety of data sources and direct interviews with the subject company and its suppliers and lenders.
