

OneSearch™

Designed to help you increase productivity.

OneSearch is our revolutionary probabilistic search match technology. This new modern technology delivers improved match rates and turnaround times, making it easier for clients to find an exact match.

Using a machine learning neural network, our matching quality will continue to improve and evolve over time. OneSearch provides improvements to match speeds up to 10 times faster than traditional search match technology.

With overall improved match rates, faster turnaround times and more exact matches, OneSearch will help our clients find the right business the first time.

Delivery method: OneSearch Online, OneSearch Batch
