

Experian Verify™ for Financial Services

Better data. Better decisions. Better experience.

Today's digital-first consumers are challenging lenders like never before. Expectations for simplicity, speed and convenience continue to rise even as lenders transform online and mobile experiences. Consumers demand frictionless interactions, especially when verifying personal information, such as income and employment. Many lenders struggle to meet consumer expectations and often rely on complex and time-consuming verification processes, which can increase costs, extend time to revenue or, worse, lead to abandonment. Thankfully, there's now a better way — Experian Verify™.

Challenging the status quo

Experian Verify is raising the bar by offering lenders instant access to the most trusted income and employment information available, so you can make more confident lending decisions faster and deliver the frictionless experience your customers deserve.

Now available with permissioned payroll account access

Through Experian Verify, your customers can access their payroll accounts and share information directly from their employers' payroll service so you can maximize coverage and verify income and employment for more customers in real time.

Propel your business forward

- **Reduce risk** — Enhance your lending decisions and confidently say yes to more customers using an accurate and up-to-date view of financial stability.
- **Accelerate conversion** — Streamline your decisioning processes and approve customers faster and more efficiently.
- **Save money** — Reduce your dependencies on complex, time-consuming and costly verification processes.
- **Eliminate friction** — Verify income and employment in seconds with a simple and seamless experience.
- **Stay compliant** — Have peace of mind knowing your verification solution is FCRA compliant and adverse actionable.

Experian Verify™ for Financial Services

Best of both worlds

- **Increase hit rates** — Expand coverage to employers not currently contributing to Experian’s instant employer payroll network.
- **Expand your reach** — Verify a broad spectrum of consumers, including contractors, gig workers, government employees, etc.
- **Reduce abandonment** — Keep customers engaged in your digital channel when instant verification is not available.

Different experience, same results

- Same trusted employer payroll data
- Same data quality and governance
- Same output and report options
- Same partner you know and trust today

Automate your verification experience

The key to a successful verification strategy is limiting how many customers require manual verification. This likely means implementing a multi-step approach. But don't worry, Experian Verify effortlessly blends the power of instant and permissioned verification into one streamlined experience for you and your customers. It's simple, seamless and secure.
