

# Experian Verify™ for Government

Better data. Better decisions. Better experience.

Today's digital-first citizens are challenging agencies like never before. Expectations for simplicity, speed and convenience continue to rise even as agencies work to meet citizens in their preferred digital channel. Citizens demand frictionless interactions, especially when verifying personal information, such as income and employment. Many agencies struggle to meet these expectations and often rely on complex and time-consuming verification processes, which can increase costs or lead to complaints and abandonment. Thankfully, there's now a better way — Experian Verify™.

## Challenging the status quo

Experian Verify is raising the bar by offering agencies instant access to the most trusted income and employment information available, so you can make more confident decisions faster and deliver the frictionless experience your citizens deserve.

## Now available with permissioned payroll account access

Through Experian Verify, your citizens can access their payroll accounts and share information directly from their employers' payroll service so you can maximize coverage and verify income and employment for more people in real time.

## Propel your agency forward

- **Reduce risk** — Enhance your decisions and confidently say yes to eligible citizens using an accurate and up-to-date view of financial stability.
- **Accelerate conversion** — Streamline your decisioning processes and approve citizens faster and more efficiently.
- **Save money** — Reduce your dependencies on complex, time-consuming and costly verification processes.
- **Eliminate friction** — Verify income and employment in seconds with a simple and seamless experience.
- **Stay compliant** — Have peace of mind knowing your verification solution is FCRA compliant and adverse actionable.

## The Experian Verify difference

Second largest instant employer payroll network

Millions of unique employer payroll records.

Unmatched data quality and governance

Flexible design to meet your specific needs

# Experian Verify™ Public Sector

## Best of both worlds

- **Increase hit rates** — Expand coverage to employers not currently contributing to Experian's instant employer payroll network.
- **Expand your reach** — Verify a broad spectrum of citizens, including contractors, gig workers, government employees, etc.
- **Reduce abandonment** — Keep citizens engaged in your digital channel when instant verification is not available.

## Different experience, same results

- Same trusted employer payroll data
- Same data quality and governance
- Same output and report options
- Same partner you know and trust today

## Automate your verification experience

The key to a successful verification strategy is limiting how many citizens require manual verification. This likely means implementing a multi-step approach. But don't worry, Experian Verify effortlessly blends the power of instant and permissioned verification into one streamlined experience for you and your citizens. It's simple, seamless and secure.

## Start your transformation today

Now's the time to transform your verification experience. Experian Verify empowers you with better data to make better decisions and deliver a better citizens experience.
